# Genesee County Asthma Network (GCAN)

Controlling Asthma in Genesee County, Michigan

Jan Roberts RN BSN AE-C

### **GCAN – Scope of Program**

Location: Flint, MI

**Type:** Community Coalition

Service Area: Genesee County and surrounding areas; City of Flint

Population Served: 10,854 children and 30,156 adults with asthma

**Key Players:** American Lung Association (ALA), a network of 81 churches focued on community health, several local universities, Genesee County Medical Society Environmental Committee, Public Health Department and

the local tobacco coalition

**Results:** In first year, hospital savings of \$660,000, 45% decrease in emergency department (ED) visits over two years, 25% decrease in hospitalizations and decreased missed school days.

# **GCAN – Scope of Program**

Serves both adult and child with focus on inter-city children in Genessee county and surrounding area's

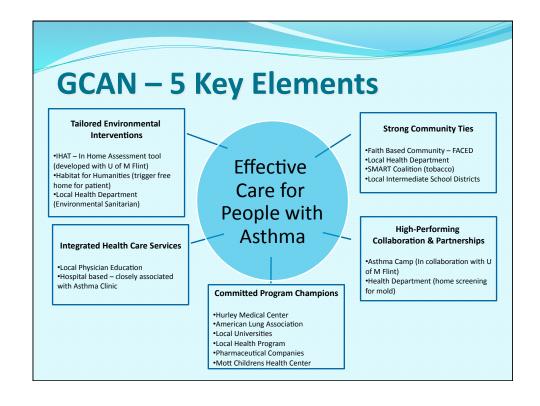

#### **Number of Patients Served**

- 150-200 patients served per year through the disease management
- Approx. 2000 people served through health fairs, school and church education and presentations/year

# GCAN - Asthma Camp

### **GCAN – Key Process & Health Outcome Goals**

#### **Process Outcome Goals**

- Complete home assessments including all rooms of the house
- Telephone coaching
- Emergency Department interventions

#### **Health Outcome Goals**

- Decrease Emergency Department visits
- Decrease asthma hospitalizations
- Improved quality of life factors (eg. Missed school days)

### **GCAN – Key Health Outcomes**

#### In 1st year had \$660,000 in cost savings

- Hospitalizations 
   ↓ 25%

#### For 2006 - 2008

- ED visits from 516 --> 61
- Hospital stays from 283 --> 42
- IHAT ↓ 55% in second hand smoke for those who received in home asthma education

### **GCAN** – Financing

- Hurley Medical Center is our primary funding source with inkind funds
- Secondary funding sources are Federal, State and Local Grants
- Funding Issues:
  - Working with Hurley Medical Center as a fiduciary has enabled us to develop our programs goals and intiatives
  - Because we are not our own 501-C3 limits our ability to get grant funding and other sustainable funding
- Proposed Solution:
  - Seeking health plan reimbursement and other sustainable sources of funding

### GCAN - On the Horizon

- The causes and impacts of asthma are identified and managed in our community.
- To continue to improve the quality of life with asthma and their families through research, education, advocacy and community partnership
  - Funding will be activitly sought to maintain stability and sustainability

### **GCAN - Summary**

Asthma management is effectively facilitated with expertise from diversified community partners.
